

Welcome to B+B Belgravia. We're delighted that you and your pet have decided to stay with us! Before we get you checked in, we'd just like to inform you about our "Paws Policy"

- A £50 fully refundable pet deposit will be added to all "pet-occupied" rooms to cover any unexpected eventualities.  
We hope that you understand?
- No stray humans allowed, so all doggies please ensure that you don't leave your humans unattended.
- Guide dogs are our honoured guests and therefore have free access to all areas.
- Guest lounge (only at B+B Weymouth) welcomes both humans and dogs to have breakfast there, in case furry friends don't want to stay alone in the room.
- If your doggy gets lonely and requires a pet sitter, we will gladly put you in touch with one of pet-sitters.
- If your pet gets too excited for words, they'll probably be asked to go and get excited outside.
- We love to keep our rooms clean, so if you are staying over, we will require access to the room between breakfast and 2 PM.
- All dogs must be charming to our staff, please let them know our managers are not snacks to eat.
- Dogs are not allowed to poop in humans' homes. The same goes to B+B hotels. If they want to "go", they must be accompanied outside and their humans are, as usual, responsible for the consequential pooper scooping..

We kindly ask that you agree to these terms, on behalf of your pet as his/her guardian, by signing below

Regards,  
B+B BelgraviaTeam

### Places to visit nearby with your dog

#### Battersea Park

Battersea Park has so many wonderful features for you and your doggy companion to enjoy. This is a very flat park, with lots of open space for your dog to frolick in. There is a stunning 1km riverside promenade where you can grab an ice cream and take a casual stroll or, if you and your doggy are feeling energetic, why not go for a jog through this Thames-side gem

#### Hyde Park

Located in the centre of London, Hyde Park is probably the best known of the city's parks. Covering a massive 350 acres and with lots of well known landmarks like the Serpentine Lake, Speakers' Corner and the Diana, Princess of Wales Memorial Fountain, the park is fun for dog, owner and borrower alike!

Dogs are welcomed in Hyde Park with open paws and there are lots of lovely spots to picnic, play frisbee or just chill out with your pooch pal and watch the world go by. It's right next to Kensington Palace, so who knows who you might bump into on an afternoon stroll!
